

Insure your car with the king of insurance. We've got 5 different cover options to suit your budget and your needs.

Your premium for comprehensive car insurance decreases monthly as the value of your car goes down. It's the fair and logical way insurance should be done!

You're covered for things like:

- Accident.
- Theft and hi-jack.
- Acts of nature.
- Third party.
- Windscreen.

(Psst, you can insure your golf clubs, bicycles or hearing aids for only R1 per month when your car is insured comprehensively!)

Agreed value

The agreed value, agreed on by you and us, won't depreciate (so your premium won't decrease monthly.) This will be the agreed value your car is insured for, for 3 years.

You're covered for things like:

- Accident.
- Theft and hi-jack.
- Acts of nature.
- Third party.
- Windscreen.

(Psst, you can insure your golf clubs, bicycles or hearing aids for only R1 per month when you have agreed value insurance!)

Third party, fire & theft

Our third party, fire and theft option covers you for theft and hi-jacking, as well as for damage to other people's property due to a car accident.

Please note:

Accidental damage to your own car isn't

Theft & write-off

You're covered for the total loss of your car when it's stolen or written off.

You're covered for:

- Accident.
- If written off or it's
- Acts of nature. | a total loss.
- Theft and hi-jack.
- Third party.

Please note:

You're only covered for accident damage if your car is written off or if it was damaged when it was stolen, or hi-jacked and then recovered. If your car is damaged as a result of an accident and it's repairable, you'll only be insured for the third party damages you caused.

Third party only

Some cover is way better than no cover at all.

Here you're covered for damage to other people's property (which in the insurance world is known as third party liability) as the result of a car accident that you're involved in.
