Don't forget

Only use King Price authorised towing operators. Please note that you'll be personally responsible for the cost of the towing and storage if you don't make use of our assist line and approved towing operator, when you're medically able to do so.

Tell us no later than 30 days after the incident. It's up to you to claim or not, but we need to know about any accident you're involved in to maintain your cover.

Tell the police within 24 hours, even if there's no damage to your car, there could be damage to the property of a third party.

Get a copy of the police report, case number, your statement and details of the police station and assisting officer.

Let us take care of the difficult part in the case of an accident, never admit guilt or offer any settlement to any other party that is involved. We'll not be bound by any admission or offer that you make.

Wait for us to help you before making any arrangements for repairs or replacements. Be sure to get written approval from the king.
